SUBJECT: RoHs Statement:

RoHS Compliance Statement

The stockholders and employees of Amran Inc are long-time advocates of environmental preservation. Amran Inc has taken the necessary steps to ensure its products are compliant to the RoHS II Directive (2011/65/EU). In March of 2015, Annex II in Directive (2011/65/EU) was amended by Directive (2015/863/EU) to include four additional materials: Bis(2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP), Dibutyl phthalate (DBP) and Diisobutyl phthalate (DIBP). As such, the products manufactured and distributed by Amran Inc. comply with the RoHS II Directive (2011/65/EU) and it's amendments. While the products not do contain any of the restricted substances as defined in the RoHS II Directive (2011/65/EU) the products may or may not bare the CE mark due to the technical differences between the IEC and IEEE instrument transformer standards.

- Note 1. Brass components such as terminals, terminal hardware, and bus links used on Amran products may contain Pb (Lead) and is under the permission of RoHS II exemption 6(c).

Sincerely,

A handwritten signature in black ink that reads "Scott McClary".
